

# *Sanyo Leather* EXHIBITION in TOYOOKA

"Sanyo Leather Exhibition in Toyooka 2022 Summer" will be held.

This time, in addition to the "white tanned leather" and "super soft leather" that were well received at the Tokyo Leather Fair, we will also exhibit "silk leather" that is as thin and smooth as silk.

In addition, we continue to make leather with SDGs (Sustainable Development Goals) in mind, focusing on low-grade leather that would otherwise be difficult to market, and revived it with our unique technology. Leather will also be on display.

We would like you to pay attention to our efforts of "valuing life" and "more ecology".

We look forward to your visit.
